

Petition

We, the subscribers of cable television service offered our community through:

PARAGON CABLE
1130 S MAIN STREET
HORSEHEADS, NY 14845
(607) 739-7901

herein complain about new and upcoming rates we been informed by the above named cable company. Please act upon this petition as if we individually filed the FCC 329 -- Cable Programming Service Rate Complaint form on the following complaint:

We have been informed by the above name cable provider that effective the first of 1995 our normal cable services (not including basic service channels 2 - 13) our upper channels 14 - 36 which has been provided for sometime will now be scrambled, and to obtain the same channels we will need to add a "set-top" (converter) at the rate of \$3.50 per month per television to receive these channels, in addition to rates already being charged above basic service rates, to obtain these channels. We feel that this is only being done to increase the cable companies profitability, for we have enjoyed viewing these channels for years without this added expense.

We, the people named below, herein petition the FCC to act upon the above complaint.

(607) 739-7901

herein complain about new and upcoming rates we been informed by the above named cable company. Please act upon this petition as if we individually filed the FCC 329 -- Cable Programming Service Rate Complaint form on the following complaint:

We have been informed by the above name cable provider that effective the first of 1995 our normal cable services (not including basic service channels 2 - 13) our upper channels 14 - 36 which has been provided for sometime will now be scrambled, and to obtain the same channels we will need to add a "set-top" (converter) at the rate of \$3.50 per month per television to receive these channels, in addition to rates already being charged above basic service rates, to obtain these channels. We feel that this is only being done to increase the cable companies profitability, for we have enjoyed viewing these channels for years without this added expense.

We, the people named below, herein petition the FCC to act upon the above complaint.

Petition

We, the subscribers of cable television service offer our community through:

PARAGON CABLE
1130 S MAIN STREET
HORSEHEADS, NY 14845
(607) 739-7901

herein complain about new and upcoming rates we been informed by the above named cable company. Please act upon this petition as if we individually filed the FCC 329 -- Cable Programming Service Rate Complaint form on the following complaint:

We have been informed by the above name cable provider that effective the first of 1995 our normal cable services (not including basic service channels 2 - 13) our upper channels 14 - 36 which has been provided for sometime will now be scrambled, and to obtain the same channels we will need to add a "set-top" (converter) at the rate of \$3.50 per month per television to receive these channels, in addition to rates already being charged above basic service rates, to obtain these channels. We feel that this is only being done to increase the cable companies profitability, for we have enjoyed viewing these channels for years without this added expense.

We, the people named below, herein petition the FCC to act upon the above complaint.
